

REMARKS

Telephonic Interview

Examiner Sked is thanked for the courtesy of conducting a telephonic discussion on February 19, 2008. During the interview, the distinct features of the present invention were discussed with respect to the art of record. In particular, the significant differences of the Noise-Vocoded Speech Sound signal of the present invention in relation to the ones shown in the prior art were discussed. The "Noise-Vocoded Speech Sound signal" is now clarified to be "word or sentence" accordance with these distinctions in claim 1.
